

Hawthorne & Lavery
Present:
**The Phantom of the
Opera (1925)**
UK+ Tour

Synopsis

International award-winning musicians Aaron Hawthorne (organ) and Rosie Lavery (soprano) are taking their highly acclaimed semi-improvised accompaniment to the 1925 silent horror, *The Phantom of the Opera*, on the road throughout the UK this autumn. Lose yourself in an unparalleled world of hair-raising live music and the dark twists of a film which had 1920s cinema-goers screaming and running out of auditoriums.

Each performance will include a screening of the 1925 PG classified film and feature Aaron Hawthorne playing the pipe organs unique to each venue which will bring not only the film alive but the entire building too, while the stunning vocals of Rosie Lavery brings a refreshing “human” element to the silent film experience.
